LETTER

Dear Sir:

In companion application Serial No. 07/126,319, the Examiner indicated that he had been unable to locate the file histories for the following applications (although continuations of all of these have been found):

- (1) Lemelson SN 04/858,560, filed 8/29/69, issued as USP 3,854,889
- (2) Lemelson SN 04/465,812, filed 4/8/65, issued as USP 3,313,014
- (3) Williamson SN 04/636,993, filed 5/8/67.

Applicant delivered copies of two of those three applications, by letter hand-delivered earlier this week. A copy of the third application, SN 04/465,812, which issued as the Lemelson '014 Patent, is now enclosed.

Applicant makes the same requests as in the last letter regarding the Examiner reviewing this file, sharing it with the Board of Appeals and Interferences, and using the copy for all of the four pending applications.

If there are any questions, or if the Examiner needs any assistance on other issues, please feel free to call the undersigned attorney for applicant.

Respectfully submitted,

JEROME H. LEMELSON
